

Cable Assemblies

Strand Core has the capability to fabricate high quality wire rope and cable assemblies to meet your technical requirements and demanding production schedules. We maintain an inventory of Commercial and Military Standard Cable and fitting components. We welcome the opportunity to produce assembly prototypes per your technical standards and designs. We can provide proof load testing per your specific requirements.

Items available include: Turnbuckles, Swage Terminals, Quick Disconnects, Shackles, Rod End Fittings, Forged Clevises, Strap Eyes & Forks.

We are also available to supply commercial quality Terminal Wire Rope Studs, Single Shank Balls, Plain Balls, Double Shank Balls, Thimbles, Stainless Ovals, Tin Plated Ovals, Aluminum Stops, Copper Stop Sleeves and Zinc Plated Copper Stop Sleeves.

Rescue Hoists

Strand Core manufactures Rescue Hoists for military and civil applications. Only the highest quality military specification aircraft cable and hardware are utilized, and then rigorous cycle testing and proof loading are performed to guarantee the highest level of performance.

Commercial Assemblies

Commercial assemblies can be made using stainless or galvanized material, with other materials available upon request. Military Specification cable and Military Standard hardware is available for tighter tolerances.

Cable Assembly Hardware

Strand Core offers a variety of Commercial, Military Specification, and OEM Hardware solutions from stock. We can pair these items with any of our Aircraft Cable or Wire rope products, including any customized options we offer.
